Power BI Pro

Microsoft 365 Enterprise Benefits

Productivity Server Licenses — Install SharePoint, Exchange, and Skype for Business Server, on dedicated hardware (not multi-tenant), for use by Microsoft 365 E3 and E5 licensed users

Office Device Licenses — One traditional Office Professional Plus device install for existing Software Assurance (SA) users, and new users up to the number of existing from SA users

Microsoft 365 Enterprise Benefits

Additional Licensing

Microsoft Managed Desktop — Microsoft Managed Desktop (MMD) is an add-on to Microsoft 365 E5 that delivers a modern managed desktop directly from, and supported by, Microsoft.

Flow — Microsoft 365 plans include Flow for Office 365. Additional Flow licensing can provide more runs per month, Common Data Service integration, and connectivity to LOB services.

PowerApps — Microsoft 365 plans include PowerApps for Office 365. Additional PowerApps licensing and can provide model-driven apps and Common Data Service integration.

Workplace Analytics — Use Workplace Analytics to identify collaboration patterns that impact productivity, workforce effectiveness, and employee engagement.

Additional Storage — Top-ups to the included storage in Office 365 can be purchased at cost-effective rates.

Project Online — A complete cloud-based project and portfolio management solution, and provides a way to move MS Project software licensing to a user subscription.

Visio Online — Allows users to work with Visio diagrams directly in the browser, and provides a way to move Visio software licensing to a user subscription.

Calling Plans — Calling Plans are an add-on to Phone System (part of Office 365 E5) which provide users with fully-featured public telephone numbers directly from Office 365.

Multi-Geo — Multi-Geo allows you spread your Office 365 deployment around the globe, placing workloads closer to your users, within a single logical tenancy.
